Who are the top switchgear companies?

We're here to help answer any questions about our products and services. Top switchgear companies include ABB, Mitsubishi Electric, Siemens, Eaton, Toshiba Energy Systems & Solutions Corporation, and Hitachi, among others.

What is a switchgear used for?

Switchgears are used in an electric power system to safeguard, control, and monitor electrical equipment. Additionally, a switchgear has the ability to de-energise a piece of equipment so that repair can be done on it, as well as to clear upstream faults so that current loads flow smoothly.

Why is the switchgear industry growing?

The main driver of the switchgear industry's growth is the increase in investments in T&D infrastructure. An electrical component known as switchgear is made up of circuit breakers, fuses, and electrical disconnect switches. Switchgears are used in an electric power system to safeguard, control, and monitor electrical equipment.

How big is the switchgear market?

Looking forward, IMARC Group expects the market to reach US\$ 168.8 Billion by 2032, exhibiting a growth rate (CAGR) of 4.6% during 2024-2032. Learn about opportunities, challenges, and trends in the global Switchgear market with IMARC's market research report. Try a free sample today!

Why is China's switchgear industry important?

The Chinese government is increasingly prioritizing green technologies, pushing companies to adopt sustainable practices. Furthermore, the global market relevance of China's switchgear industry is significant, as it is one of the largest producers and consumers of electrical equipment.
