In this guide, we explain how regulations such as The Batteries and Accumulators Regulations 2008 apply to batteries sold in the UK.

The UK's first commercial geothermal lithium production facility has been green-lit in Cornwall. The project will allow Cornish Lithium to assess the ...

We are at the forefront of the global renewable energy storage industry, delivering customized Battery Energy Storage System (BESS) ...

As well as providing batteries for the rising numbers of EVs, the plant expects to cut lithium's current carbon footprint by 80 per cent. The UK is ...

The UK's ambition to become a major centre of EV battery manufacture is one step closer as work begins on its first integrated lithium-ion ...

Container batteries are large-scale energy storage systems housed in standardized shipping containers. They integrate lithium-ion or flow battery cells, battery ...

Focused on the construction of the UK's first gigafactory for lithium batteries, Britishvolt aims to cater to the growing demand for EV lithium batteries. Their ...

ETN news is the leading magazine which covers latest energy storage news, renewable energy news, latest hydrogen news and much more. ...

The battery energy storage system container has a long cycle life of over 6000 to 8000 times, with large capacity lithium-ion phosphate battery cells in battery ...

In light of the growing risks from e-bikes and scooters in the workplace, we have published an introductory

guide for employers on managing lithium-ion (Li-ion) ...

Build two circular industrial chains for "lithium battery " and "lead battery "

We offer a wide range of leading lithium battery solutions to cover all your needs from our smallest 7Ah 12V gate motor batteries through to our largest 5MWh ...

We specialize in converting shipping containers of all sizes for a multitude of purposes, one of which is battery storage. BESS (battery energy ...

Imerys British Lithium: on track to become Europe's first commercial battery-grade lithium carbonate producer Imerys, the world leader in mineral-based ...

Tianneng is a lithium battery supplier with more than 30 years of development and has become a leading battery factory in the world.
