How much do solar panels cost in the UK?

The most common type of system is the 4kW solar system, which costs between GBP5,000 - GBP6,000. It can save the average household about GBP660 per year, provided that they have a decent number of sunlight hours and are installed on a south-facing roof. In 2025, the price of solar panels in the UK can vary depending on several factors.

How much does a photovoltaic system cost in the UK?

o A household in the UK installs a 5kW photovoltaic system costing GBP8000 (average cost), which would generate approximately 4320 kWh of electricity annually. o The annual SEG income in the UK would be GBP324 per annum.

How much do thin-film solar panels cost?

When it comes to thin-film solar panels, these cost between GBP400 and GBP800 per kW. The average cost of solar panels is GBP250 to GBP350 per m² Find out what costs are involved and what you can expect.

How much does a solar panel cost per kilowatt?

Exactly how much a solar panel costs per kilowatt depends on the type of solar panel you're talking about. Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around GBP1,000 - GBP1,500 whereas polycrystalline solar panels cost about GBP900 per kW.

What are the cheapest solar panels in the UK?

Polycrystalline panels are more affordable and cost around GBP0.90 per watt. They can still achieve a good power output and are the most installed panels in the UK. Thin-film panels are the cheapest option, but you should be wary of them since they feature the lowest efficiencies.

How much does a solar panel installation cost?

Generally, two installers will work together to install your solar panel system, and depending on its complexity, they can take up to 3 days to complete the installation. This means that you can expect to spend anywhere between GBP600 and GBP3,000 on labour costs alone.

The average installation costs of small-scale solar photovoltaic systems in the United Kingdom have fluctuated in the period of consideration.

Prices of small photovoltaic panels in London
